POLICY

1. School profile

Longwood Primary School is located in the town of Longwood, between Seymour and Shepparton and has an enrolment of mid 50 students and an SFO of .3750. Families of students have a diverse range of backgrounds and home situations and all families were actively involved in the school. Our families travel from all around the district to attend our family orientated school environment.

The school runs numerous programs to cater for all families. Staff work hard to maintain our family school environment to help support each other through difficult times. This family feeling continues to help increase enrolments and led to a change in timetables to give students exposure to all manner of experiences both in and out of the class.

We have made significant changes to staffing to give our children, programs and support children with additional needs. There was 1 principal class teacher and 2 expert teachers; one at .8 and the other at .4, another classroom teacher at .8, a graduate teacher that is .8, two ES .6 and a .2 admin support staff member. The school invested heavily in implementing a comprehensive specialist curriculum including Japanese, Science, Cooking, Music, AUSLAN and Physical Education. Specialist subjects were provided by casual staff at approximately 2 hours per week and the school had access to the MARC library program and MACC art program. The class structure was 3 classes (P-1, 2-3 and 4-6). There is one EAL student enrolled.

The school and its staff demonstrated a commitment to improvement in program planning and delivery and commenced building sound professional relationships with other schools. Processes were put in place to ensure the resources of the school were effectively used to meet the identified needs of the students.

Throughout the year, there was a significant increase in community engagement and interest in the school and a comprehensive K-F transition program was implemented. On the back of feedback the school started running an Out of School Hours Care program. The school vision is to have a safe educational environment where everyone strives to be happy, productive and successful learners and to make children confident and creative members of the community. The Motto, 'Our School, Our Community', is lived and integrated into our daily routine, along with the promotion of the values of 'Confidence, Humour, Integrity, Persistence and Support'.

The school is proactive in the community and established partnerships with several local organisations. Longwood Primary School is committed to providing a safe, supportive and inclusive environment for all students, staff and members of our community.

2. School values, philosophy and vision

Longwood Primary School's Statement of Values and School Philosophy is integral to the work that we do and is the foundation of our school community. Students, staff and members of our school community are encouraged to live and demonstrate our core values of respect, integrity and kindness at every opportunity.

Our school's vision is to empower students to reach their personal best, and fully equip them to contribute positively to society as happy, healthy young adults.

Our Statement of Values is available online on our web page.

When a student acts in breach of the behaviour standards of our school community, Longwood Primary School will institute a staged response, consistent with the Department's policies on behaviour, discipline and student wellbeing and engagement. Where appropriate, parents will be informed about the inappropriate behaviour and the disciplinary action taken by teachers and other school staff.

Our school considers, explores and implements positive and non-punitive interventions to support student behaviour before considering disciplinary measures such as detention, withdrawal of privileges or withdrawal from class. Disciplinary measures may be used as part of a staged response to inappropriate behaviour in combination with other engagement and support strategies to ensure that factors that may have contributed to the student's behaviour are identified and addressed.
